DETAILED ACTION

Receipt is acknowledged of an amendment, filed 7/31/03 as Paper No. 12, in which several claims were amended (claims 41, 49, 53, 58 and 63). Claims 41-47, 49-64 are pending in the instant application.

Any rejection of record in the previous office action not addressed herein is withdrawn. This action is FINAL.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 53-62 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. **This is a new rejection necessitated by applicants' amendment of the claims in Paper No. 12.**

Claims 53 and 58 are vague and indefinite in that they recite a limitation that the cells are cultured at a temperature of less than 32°C that delays lysis of the cells and permits the production of the biologically active protein. It is unclear how this functional limitation can be met if the phage in question do not comprise a temperature-sensitive mutation (e.g. cl^{857}). It would be remedial to amend the claims to include the limitation that the phage have a temperature-sensitive mutation, and to cancel the dependent claims reciting this limitation (i.e. claims 54 and 59).

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
